To Whom It May Concern,

It is with great pleasure that I highly recommend Lee Andrews (Lew-E's Comedy Circus) as a fantastic and amazing attraction at any event. I have known Lee for over two years through his participation in our annual Clay County Agricultural Fair. Our fair attendees love him! He always has a large following and engaged crowds during his acts. I have been consistently impressed with his professionalism, positive attitude and compassion towards our Fair, our E-Zone team, and our guests.

Lee's dedication, passion, and willingness to go above and beyond to ensure all our guests have a positive experience was fantastic. Through my observations, he is so genuine and caring with everyone he meets. He always takes the time to converse with our young fair goers and serves as an outstanding role model.

I am honored to provide this recommendation for such a deserving individual, and I feel certain you will be just as impressed with him as I am. I strongly encourage you to consider him for participation at your event. If you have any questions regarding this recommendation, please do not hesitate to contact me.

Sincerely,
